Jurassic World-themed exhibition coming to Mississauga

Event will feature realistic-looking, animatronic dinosaurs

By **Kyle Marshall** Mississauga News
Friday, March 10, 2023

A new Jurassic World-themed exhibition will be making its Canadian premiere at Square One in Mississauga in April.

Jurassic World: The Exhibition is a 20,000 square-foot interactive exhibition that features a variety of full-sized, lifelike animatronic dinosaurs.

This limited time immersive experience will open on April 14 and tickets are available for purchase at jurassicworldexhibition.com/mississauga.

“Visitors walk through the iconic ‘Jurassic World’ gates, explore richly themed environments and encounter life-sized Velociraptors, a Brachiosaurus, and the most fearsome dinosaur of all, the mighty Tyrannosaurus Rex,” states a news release.

Jurassic World: The Exhibition is produced in partnership with Universal Live Entertainment, a division of Universal Parks & Resorts and NEON, a worldwide leader in immersive experiences.

“It is indeed exciting that we are able to bring Jurassic World: The Exhibition to Canada for the very first time!” said Ron Tan, executive chair & group CEO of NEON Global.

“With our recent win of the Best Visitor Experience Award in London and record-breaking visitor numbers in London and U.S., we are confident that Jurassic fans in Canada will be in awe at this immersive experience!”
