Jurassic World: The Exhibition

Since its arrival in Atlanta last May, [Jurassic World: The Exhibition](#) has captured the hearts of both young and old alike. And as proof of its resounding success, the immersive experience has announced it will be extending its stay! Prepare to **be transported back to the prehistoric era**, where dinosaurs once roamed the earth carelessly, and uncover the science behind it all at The Creation Lab.

Don your explorer's hat to encounter friendly favorites like the adorable Little Bumpy from Camp Cretaceous, come face-to-face with the daunting Tyrannosaurus-Rex and so many more. Whether you're seeking pulse-racing or heartwarming encounters, **Jurassic World: The Exhibition stays open through November 12** — the opportunity to explore Isla Nublar in its striking glory.

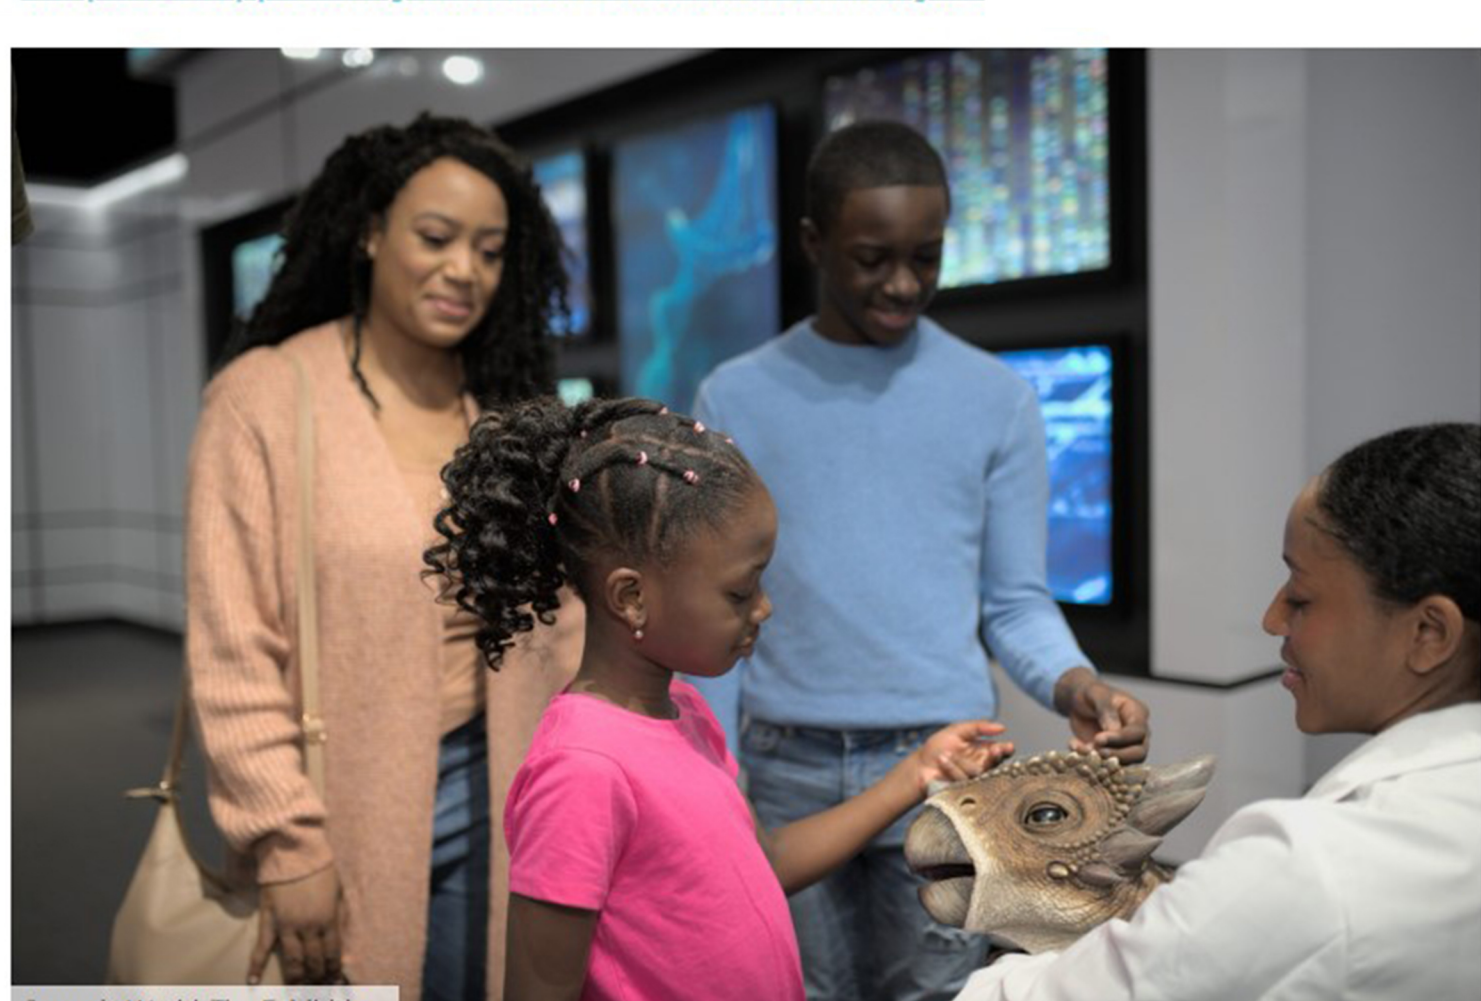

[Don't miss the chance to embark on this unforgettable adventure and immerse yourself in the captivating world of Jurassic World.](#)

Jurassic World: The Exhibition

Get ready for a **full immersion into the groundbreaking universe of the iconic "Jurassic Park" franchise!** As you step through the iconic archway, you'll find yourself sucked into the breathtaking world of [Isla Nublar, right here in Atlanta](#). The lush foliage, wild ferns, and vibrant leaves will make you feel like you've stepped right into the heart of the island, the perfect opportunity to recreate that iconic "Welcome to Jurassic Park" moment. But be wary as you explore, as **curious eyes may be peering at you from the branches...**

Thankfully, **Jurassic World: The Exhibition** offers all the excitement without the actual danger (realistically, no dinosaurs will be chasing you through Pullman Yards!). The interactive nature of the experience is perfect for kids, since they can witness their favorite dinosaurs come to life and interact with them in ways they never thought possible. And if you're a die-hard fan of the blockbuster saga, this Jurassic World experience is [the perfect opportunity to unleash the '90s kid within you!](#)
