Based on one of the biggest blockbusters in cinema history, [Jurassic World](#) invites you to be a guest of honour at this dinosaur experience. The park that was only a promise, now becomes a reality and guests will be able to **walk among incredible relics of history**. Meet friendly park rangers who will guide you through the various sections, and watch as they **train raptors, feed herbivores, and keep the T-Rex under control**. From tiny hatchlings in the creation lab to the towering Brachiosaurus in the park, you'll be introduced to a host of dinosaurs of all sizes and species.

From the resident scientists, you'll be able to learn about the amazing science behind the **resurrection of dinosaurs**, and even [see some of the lab work](#) in action. Don't worry about any transgenic creations escaping though, the park rangers have this Jurassic World under control (we hope).

[Get ready to step through the gates of Jurassic World](#)

See the fantastical park from the movie screen **come to life** at this incredible experience, suitable for both seasoned and junior explorers. Make sure to [join the waitlist soon](#) to ensure your spot at this exciting new [dinosaur adventure](#).
