JURASSIC WORLD: THE EXHIBITION OPENS ITS GATES FOR MEXICO CITY AT CENTRO COMERCIAL PERISUR

Mexico City, (July 12, 2024) – *JURASSIC WORLD: THE EXHIBITION* has officially opened its iconic gates to explorers who have been eagerly awaiting their first opportunity to step foot inside Jurassic World and get closer to life-sized dinosaurs than ever before.

Jurassic World: The Exhibition is a family-friendly exhibit of massive proportions based on one of the biggest blockbuster franchises in cinema history. Visitors walk through the iconic Jurassic World gates, explore richly themed environments, encounter a life-sized brachiosaurus, velociraptors, including fan-favorite Blue, and the most fearsome dinosaur of all, the mighty Tyrannosaurus Rex. Guests will be able to imagine what it would have been like to roam amongst these breathtaking creatures, and even interact with baby dinosaurs, including “Bumpy” from the

popular animated series *Jurassic World: Camp Cretaceous* from Universal Pictures, Amblin Entertainment and DreamWorks Animation, currently streaming on Netflix; and *Jurassic World: Chaos Theory* – a second series following the events of *Camp Cretaceous*, just launched on Netflix.

Jurassic World: The Exhibition has now become one of the fastest selling exhibitions since its launch with nearly eight million tickets sold in 20 cities around the globe.

To celebrate the Exhibition launch, fans will get an exclusive opportunity when playing *Jurassic World Alive* – the popular location-based AR mobile game. Starting on July 12th, players who visit the Exhibition in Mexico City and open the game on their devices can locate an exclusive **JURASSIC WORLD: THE EXHIBITION** incubator, which are capsules that contain valuable resources, as an in-game reward. Players with AR-enabled devices can then snap a picture or take a video of a dinosaur using the game’s AR feature and post to their social media channels using the #JurassicWorldAlive hashtag.
